

International Conference and PhD-Master Summer School on Graphs and Groups, Spectra and Symmetries

15 – 28 August 2016, Akademgorodok, Novosibirsk, Russia

Summer School Minicourses

Ted Dobson, *Mississippi State University,
University of Primorska*
“The Cayley Isomorphism Problem”

Lih Hsing Hsu, *Providence University*
“Another viewpoint of Euler graphs and
Hamiltonian graphs”

Alexander A. Ivanov, *Imperial College London*
“Y-groups via Majorana Theory”

Bojan Mohar, *Simon Fraser University*
“Graphs and their eigenvalues”

Conference Main Speakers

Anton Betten, *Colorado State University, USA*

Shaofei Du, *Capital Normal University, China*

Alexander Gavrilyuk, *Institute of Mathematics and Mechanics UB RAS, USTC, China*

Ji-Young Ham, *Seoul National University, South Korea*

Mitsugu Hirasaka, *Pusan National University, South Korea*

Tatsuro Ito, *Anhui University, China*

Lev Kazarin, *Yaroslavl P. Demidov State University, Russia*

Jack Koolen, *University of Science and Technology of China*

Klavdija Kutnar, *University of Primorska, Slovenia*

Jin Ho Kwak, *Beijing Jiaotong University, China*

Dragan Marušič, *University of Primorska, Slovenia*

Akihiro Munemasa, *Tohoku University, Sendai, Japan*

Mikhail Muzychuk, *Netanya Academic College, Israel*

Roman Nedela, *University of West Bohemia, Czech Republic*

Patric Östergård, *Aalto University, Finland*

Ilya Ponomarenko, *Steklov Institute of Mathematics, St. Petersburg, Russia*

Yuriy Tarannikov, *Moscow State University, Russia*

Andrey Vasil'ev, *Sobolev Institute of Mathematics, Russia*

Yaokun Wu, *Shanghai Jiao Tong University, China*

Matan Ziv-Av, *Ben-Gurion University of the Negev, Israel*

Organized by Sobolev Institute of Mathematics and
Novosibirsk State University, Novosibirsk, Russia
